

# Join The Ranks Who Trust 4Clicks!

Developed by Estimators for Estimators™, specifically to support the Department of Defense Facility Owners, e4Clicks Project Estimator stands in a class of its own! e4Clicks is a proven, fully integrated, collaborative product for estimating, as well as contract, project and document management.

We have extensive prior experience working for both Owners and Contractors. Almost 90% of the country's Air Force Bases currently use e4Clicks, as well as rapidly growing numbers of Army/Army COE installations, and other DOD and non-DOD federal agencies.

By Estimators for Estimators™ is more than a tagline; it defines the value and experience we apply daily to continuously improve our software and services to help make you, our clients and partners, more productive. It's clear to see why we are the industry leader that can help you manage cost-effective, performance-based construction projects from planning to completion and beyond!
